

## BLUETOOTH<sup>®</sup> COVERT EARPIECE

XL-200P, UNITY<sup>®</sup> XG-100P, XG-25P, AND BEON<sup>®</sup>

### CONVENIENT ACCESS TO WIRELESS AUDIO COMMUNICATIONS

Ideal for use in challenging undercover mission-critical environments or non-covert operation, the Bluetooth Covert Earpiece delivers secure and reliable wireless communications. Compatible with Bluetooth Version 2.1 + EDR, the earpiece provides secure simple pairing and encrypted communications. This Class 2 device has a 10-meter operational range for clear audio while still allowing freedom of movement.

#### FEATURES

With a comfortable and secure fit for long work shifts, the Bluetooth Covert Earpiece provides mobility with no cumbersome wires or cables. The PTT unit attaches to the user's clothing to allow convenient access to wireless audio features.

Included with the earpiece are the PTT unit, AC wall charger, and USB/charging cable.

The durable yet lightweight construction of the Bluetooth Covert Earpiece withstands the rigors of mission-critical use.

#### SURVEILLANCE USE

The Bluetooth Covert Earpiece was created for discreet undercover activities. Users may PTT their portables while the radios are concealed. With BeOn Android™ cell phones, users may plug ear buds with a built-in wired mic into the phone and use the covert device as a PTT and emergency remote control.

#### NON-COVERT OPERATION

The unit may be used with the BeOn application for non-discreet activities. Users insert the ear buds into the device and use the built-in mic to speak.

#### FLEXIBLE CONTROLS

Controls are arranged for easy access.

- Dual-color LED for operation status
- Large PTT button

- Distress button
- Volume control button
- Multifunction button for Power On/Off and pairing
- Auto-shutoff after 5 minutes if not paired
- Indicator tones for the following: volume changes, out-of-range warnings, and successful Bluetooth pairing
- Inconspicuous clear-tube earpiece
- 3.5 mm audio jack compatible with the earpiece or standard ear buds
- Shielded microphone for excellent audio in loud environments
- Rechargeable Li-Ion battery and power supply for >12-hour shift life, with standby of 150 hours
- USB charging port with protective cover
