Once a visitor is pre-registered by their hosts, visitors will receive a link via email to a secure portal to provide any additional required information, including any sensitive personal data (i.e. Social Security number, Passport number, etc.).

Depending on the type of visit, completing the form within the secure portal is typically a one-time action by the visitor for the event.

If the visit does not require the use of our Secure Portal, the Harris host is responsible for the collection of a visitor’s credentials, completing all required incoming visitor forms, and submitting for approval to the Security Services Center Visitor Control Office.

Are you Visiting from another Harris Site?

All employees are required to follow site-specific procedures when visiting our facilities, remaining compliant with government regulations and Harris policies and procedures.

If you are scheduling an event at one of our conference centers, you will need to coordinate that event with a local resident employee. The local host will initiate the required incoming visitor forms, and assist you with Harris procedures and requirements for processing your visit and that of your guests.
